The City With a Glorious Future

NEWARK

The recent war has demonstrated Newark's importance and its right to be ranked with the first cities in the country.

NEWARK

has tremendous natural resources that are only now beginning to be realized and utilized.

NEWARK

with a past rich in glorious achievement has prospects second to no other city in the world. All that is required is for the people of the city, individually and through their civic organizations, to get together and as a unit

Population. The population in 1920 is estimated at 510,000. The population of Newark's commercial zone is estimated at more than 1,000,000.

Shopping Center. As a shopping center for this great population Newark provides unsurpassed advantages and its stores present a permanent exhibit of the commodities of the world.

Transportation. Located on the Pennsylvania, Lackawanna, Lehigh

Valley, New Jersey Central and Erie Railroads, Newark has exceptional transportation facilities. With the best highways in the country radiating from it, Newark is a center from which economic trucking is practicable.

Waterfront. Although great shipbuilding and manufacturing plants have located on the fine waterfront of the city, there are miles of river and bay shore on which wharfage may be established, giving free access to ocean lanes.

Manufactures. Eleventh in manufacturing importance in the U. S., Newark turns out about \$400,000,000 worth of manufactured products annually and its factories distribute an annual pay roll of about \$150,000,000.

The Board of Trade of the City of Newark

More Than Half a Century of Service

Recognizing the want of civic co-operation to promote municipal development the Board of Trade was established fifty years ago by men who believed in the great commercial possibilities of the city.

The following summary of the chief activities of each year of the Board's half century is proof of the value of service in carrying out the policy of the Board "to do it for Newark."

DR. GRACE H. JACKSON

Self-Preservation is Nature's Fundamental Law

You are subject to headaches, constipation, pains, indigestion, anæmia, nervousness! You are growing old before you are ripe to live. Why not stop these conditions? Remember an ounce of prevention on a better than a pound of cure. Your prevention is in the following treatments:

Electric—High-frequency X-ray—Sulzfeld—Autocondensation—Fulguration.
Magnetic—Magnetic waves—bath—massage—Vibratory—25 different moods.
Hot air—Suction—Pressure—Hand Massage—Psycho-therapeutics—Obesity Reduced
No Medicine No Surgery No Osteopathy

Let us see you before you break down entirely. Do not wait and hesitate. You cannot buy a new constitution for your body, so preserve the one God gave you! Call or phone to our Institute.

QUALITY

WALTER C. JACOBS, President

THE two vital factors that perhaps interest printers most insofar as electrotypes are concerned are the quality of work and facilities to execute same with promptness and dispatch

In workmanship we endeavor to give care to each and every individual job, whether it be small or large. The merits of our products are best evidenced by the numerous patrons thruout New Jersey and the metropolis using our plates.

With modern facilities, skilled labor and Auto delivery we are enabled to handle all work expeditiously

Our Amalgatypes are the best printing plate that can be made. Try them.

October 22, 1919.

The Price & Lee Company,
224 Market Street,
Newark, N. J.

Gentlemen:-

In reply to your request for suggestions which would increase the value of the Newark City Directory, beg to advise that we have found your past issue about as perfect as a directory can be made.

It will no doubt be of interest to you to know that the classified business directory is referred to many times a day in this office, and while it is complete the information contained therein is necessarily so lacking in detail that probably the most valuable section of the book is the classified advertising in the front section.

We have many kinds of manufacturers. Some make a standardized article, while others accept contracts to manufacture on specifications. The only place where this distinction can be found conveniently is in the advertising section of your book. It would also be a benefit if manufacturers advertising in this section would show pictures of the articles they make so far as possible. The best advertisements of this nature are those which fully describe the services or products of an industry in the City Directory, which is the first place to which a man turns to find such information.

With best wishes for the 1920 directory, we are,

Yours very truly,
THE BOARD OF TRADE OF THE CITY OF NEWARK

H. H. Kelly
Secretary.

ACTUAL SIZE OF FAN IS SEVEN FEET IN DIAMETER

Tanners:

You know the havoc damp, muggy weather works in your dry room, the kicks you receive when shipments are delayed.

The Metzler Drying Apparatus enables you to forestall complaints by giving you definite production from your dry room, regardless of what the weather conditions may be.

With this apparatus you can dry ordinary grains and splits overnight, ventilate your loft and keep your product uniform in quality and always up to standard. Have you a copy of our catalog? If not send for one.

CHEAPER and better than wood.
More durable, will not split or crack. "Knocked down" 90 Corrugated Boxes can be stored in the

space one wooden case of the same size would occupy. Easier to pack, lighter to ship, contents arrive in perfect condition. No nailing, hammering or sawing. Dirt and damage proof. Freight and express charges decrease when you use Corrugated Board Boxes. For Parcel Post packages nothing equals it. Let us estimate on your requirements and submit you samples.

BRADSTREET'S

Executive Offices, 346 and 348 Broadway, New York City

OFFICES THROUGHOUT THE CIVILIZED WORLD

THE BRADSTREET COMPANY gathers information that reflects the conditions and controlling circumstances of every seeker of mercantile credit. Its business may be defined as: Of the merchants by the merchants for the merchants. In procuring, verifying and promulgating its information, no effort is spared, and no reasonable expense considered, for the result may justify itself as an authority on all matters affecting commercial affairs and mercantile credit. Its offices and connections have been steadily extended all over the world and other continents, and it furnishes information concerning mercantile persons throughout the civilized world.

Subscriptions are based on the service furnished, and are available only by reputable wholesale jobbing and manufacturing concerns, and by responsible and well established financial, fiduciary and insurance corporations. Specific terms may be obtained by addressing any of the Company's offices.

The Mortality of Advertising

THE waste basket is the grave of millions of dollars worth of advertising every year. Keep your advertising out of the waste basket by using mediums that are not thrown away. The City Directory is on the job 365 days in the year and no level headed man will think of the waste basket and the City Directory at the same time.

Newark Star-Eagle

New Jersey's
Greatest
Newspaper

Best Because:

...It serves the greatest number of readers with the news of the world in the form they like the best;

...It is essentially a HOME Paper, chuck full of interesting features for every member of the family;

...It enjoys the confidence of the public and the patronage of the leading mercantile and industrial concerns.

Nothing Succeeds Like Proven Circulation

New Jersey Freie Zeitung

NEW JERSEY'S OWN

GREAT GERMAN DAILY

PUBLISHED EVERY MORNING

(ESTABLISHED 1858.)

DAILY AND SUNDAY for Sixty years the "Freie Zeitung" has been an ever welcome morning visitor in the homes of the thousands of German-Americans throughout this city and county.

As a first-class family newspaper, with a capable staff, and the Associated Press telegraph and cable service, it has a powerful influence, its editorials and news matter being widely quoted and copied by other newspapers.

As an advertising medium, the high quality of its circulation, and the fact of its having an exclusive field, produces excellent results for stores, real estate agents, banks, and every good, honest proposition, as its perpetually well filled advertising columns plainly testify.

Newark is a German-American city, and any advertiser who attempts to cover it without using the German-American newspaper deliberately cuts himself off from the business of a very large proportion of the population.

A properly conducted Bookkeeping Department is an essential in every business and should be a real help and guide to the responsible head in his management of the business.

We believe that we can be of real service to you and safeguard you against being misled by faulty statements from your Bookkeeping Department.

If you approach your Banker with a request for credit, your statement of condition should be in such form as to command his confidence.

Every executive should make an effort to prevent loss and trouble from this source as surely as he endeavors to protect himself against loss from fire, etc.

A CHRONOLOGICAL HISTORY OF NEWARK

By JOSEPH F. FOLSOM

This chronological history, now in its fourth edition, is subject to correction addition and elimination. The endeavor will be to bring it to the highest point of accuracy, and to make it the authority on the history of Newark.

- 1655—February Captain Robert Treat of Milford, Connecticut, visits Achter Kool, the region about Newark Bay. With John Gregory of Connecticut he came to negotiate with settler Philip Cartaret at Elizabeth for land on the Delaware River, with William Jones and others of Connecticut purposed to settle. Articles of Agreement numbering fifteen are considered.
- 1655—May 21 Monday Preliminary town meeting probably on board ship near Elizabethtown. Agreement to settle the town on the Passaic according to a Godly government made with representatives of Major Brantford and Governor present. By a letter from the Dutch authorities dated May 11, 1655, referring to the "Order's Day."
- 1655—May 24 (Thursday) Robert Treat, as Recorder, enters the minutes of the above meeting in the first town record book.
- 1655—May 28 Governor Philip Cartaret writes a letter to the Sachem Oraton of Hackensack introducing Captain Robert Treat to him and others and requesting Oraton to consider settling them the two plots on the Passaic. The same day Cartaret writes a letter to Captains Adrian Post and the Captains of Bergen appointing them interpreters in the business.
- 1655—May (probably 28th Monday) Meeting of settlers and Indians on the town plots on the Passaic, and purchase of the same from Perré (Perawé) the owner, followed by immediate occupation and landing of goods from the ship.
- 1655—October 2 The fundamental agreements are drawn up by people at Brantford. Come to the settlement Abraham Pierson, as well as others, who came to the Passaic to settle.
- 1655—November The Milford people and others already settled in the "Town on Passaic River" meet and declare readiness to sign the agreements proposed by the Brantford people.
- 1657—June 24 The two fundamental agreements signed by the Milford group on the Passaic, headed by Robert Treat and Obadiah Bruen.
- 1657—July 11 Deed of sale of the Newark tract indentured Wapamuck the Sakonk to the Indians and Obadiah Bruen, Samuel Kitchell, Michael Tompkins, John Browne and Robert Denison for the settlers.
- 1657—October 1 Rev. Abraham Pierson's ministry begins at a salary of £80 the year, the date probably coinciding with his arrival from Brantford.
